

# Girls' STEAM Camp

June 18-21, 2018 Plum Sr High School

Going into 6th or 7th grade next year? You can...

- try 3D printing
- write an app
- fly a drone!
- write code to make a robot move
- create a light-up card with circuits
- All in a positive safe environment full of fun and experimentation.

Going into 8th or 9th grade next year? You can...

- learn how to code and write an app for your phone
- try virtual reality!
- fly and program a drone
- create a masterpiece with light-up circuits, and....
- Participate in mini-"hackathon" where you can create something using any of the tech you have learned!

Space is limited!
