

The Fox Chapel Area School District is thrilled to announce the return of **FCASD STEAM Summer Camps** for students entering grades 1-9! As we infuse Science, Technology, Engineering, the Arts, and Mathematics into our students' academic lives during the school year, it is clear that the level of engagement is worthy of some summer time fun!

This year's camp topics include: robotics, Shark Tank, rocket science, circuitry, drones, escape rooms, Rube Goldberg contraptions, design challenges, coding, science olympiad, and graphic design. The base cost for camps is \$225 per camper for the entire week (June 18 - June 22). Camps that require additional admission fees to field trip destinations are priced to reflect the admission fees. Please register early, as our camps are strictly limited to small groups of students. Tickets go on sale Thursday, February 22nd, at 10am through Eventbrite; however, the camp session information is available NOW! In addition to camp registration, the Eventbrite page offers a donation option. Donations are fully tax deductible and will help make students who receive free and reduced lunch take part in the FCASD STEAM Summer Camp at no cost to their families! Donations may be made from \$25 and up. The first \$1,000 of donations will be matched. Thank you in advance for considering!

See this link NOW to explore all camp options before registration opens (just select the *tickets* button on the Eventbrite webpage) and consider donating today!
