

Teachers' Summer STEAM Virtual Retreat: Reflect, Recharge, and Refine

Rethink our teaching practices. Move beyond traditional teaching methods.

What have we learned about the skills students will need to navigate the workforce and be technologically literate?

How can we adjust our teaching methods to support all students -- regardless of their level of access to the internet or to devices?

How can I make sure my students are prepared for a world that will be shaped by this experience?

How can I integrate what I learned from remote teaching into my practice moving forward?

June 22 – July 1
Mondays + Wednesdays
8 AM – Noon

Eligible for ACT 48
NO COST

Open to ALL
Educators

Debrief + Destress

Monday, June 22, 8 AM - Noon

Pause, breathe, reflect, and recharge. What does it mean to be an educator during a global pandemic? Educators will be encouraged to reflect upon and share their experiences.

Reflect + Reimagine

Wednesday, June 24, 8 AM - Noon

Educators will come prepared with recent challenges to reflect upon, such as ...

- What did the shift to online/distance learning make visible?
- How can we increase connections?
- What needs emerged? How might we address them?
- How might you change your teaching practice?

Explore + Consider

Monday, June 29, 8 AM - Noon

Educators will be supported by teacher leaders/local experts while exploring resources, technologies, project-based learning, and creative assessments that demonstrate student mastery of both content and technology use. Peer-led, inquiry-based.

Refine + Share

Wednesday, July 1, 8 AM - Noon

Educators will be invited to contribute their talents and to learn from one another through the sharing of recent inspirations or applications of lessons, technology integrations, and/or teaching strategies.

Virtual Retreat Highlights:

- **Peer-Led**
- **Local Experts**
- **Online + Offline**
- **Small Group Collaborations**
- **Supportive Community**
- **Teacher-Centered**

Synchronous sessions: Four, 4-hour sessions engaging educators with interactive, collaborative and independent activities.

Asynchronous sessions: An additional 8 hours of independent exploration and pursuit of selected topics during the 2 week camp.
