

ABC CREATE: An incubator of curriculum and project design across K-12 public education with a vision to be the change agents for the Alle-Kiski Valley (a four-county area near Pittsburgh) by investing in the region's next generation of students through innovative STEAM education.

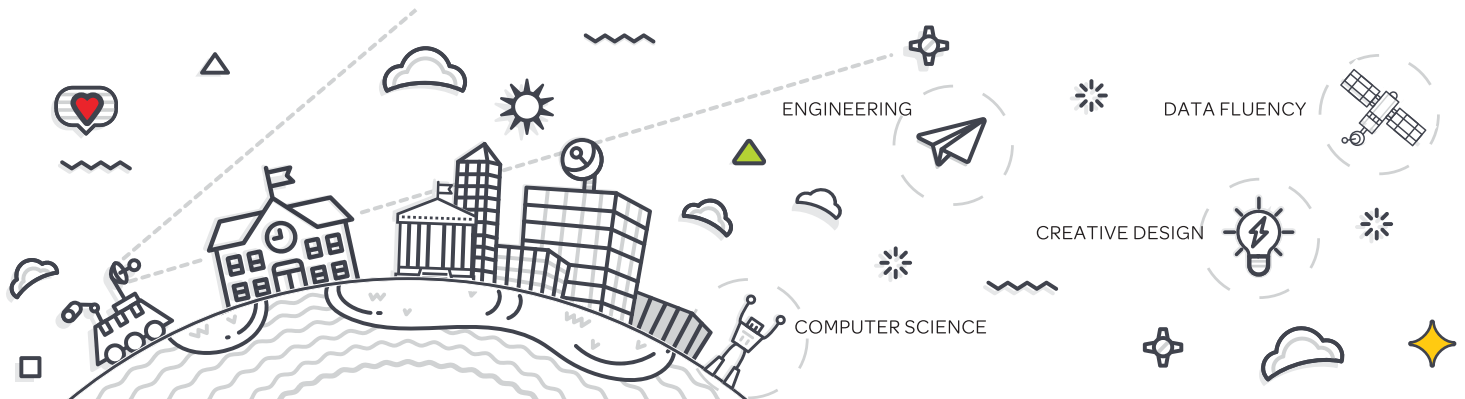

PREPARING STUDENTS FOR INDUSTRY 4.0

KENNAMETAL AND HIGHLANDS

May 16th, 6-8pm

@ The Corner, 701 Fifth Avenue, New Kensington
New Kensington Corridor of Innovation

CONNECTING CLASSROOMS

Highlighting direct connections between ABC CREATE STEAM classroom projects and 21st Century workforce applications.

CREATIVE DESIGN

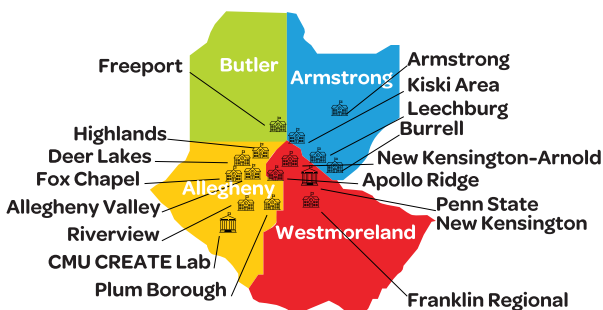

High school students, teachers, and business representatives will demonstrate the links between classroom STEAM projects, the 21st Century skills students are learning, and the ways these skills are utilized in today's work places. abccreate.org/connecting
